

LOUISIANA SCICOMM SUMMIT APPLICATION

Name:

Email:

University:

Department:

Degree program (select one):

Masters

PhD

Please answer the following short answer questions within a 100-word limit per question. Describe your research as you would to the general public.

What is one of the most exciting aspects of your research you would like to share with the public?

How would attending this SciComm Summit expand current communication efforts, influence ongoing projects and/or help with your future career?

During the summit, you will work on a science communication product relevant to your work. This could be an illustration, data visualization, blog post, podcast, animation, storyboard, poem, etc. This does not need to be a polished piece, just something that you would like feedback on. You will meet with individuals who will provide guidance on ways to further develop your product. Be prepared to provide the sample in advance. Briefly describe what product interests you?

From the list below, rank the top 4 sessions of interest to you (1 being of greatest interest).

Communicating Coastal Issues

Grant Writing (Broader Impacts)

Data Visualization

Improving Written Communications

Discussing Controversial Topics

Increasing Public Engagement

Diversity, Equity & Inclusion in Science

Sharing Science with Government

The event will be held March 17-18, 2022 on LSU's Baton Rouge campus. Housing is being provided for those from outside of Baton Rouge. Will you require housing:
